Witch Rising Paige McKenzie 2021-09-14 Sorrow Point High's witchiest have returned in this conclusion to the thrilling B*Witch duology—and this time, the danger is even closer to home. Two rival covens, led by frenemies Greta and Div, are investigating a radical anti-magic faction—the New Order—for the murder of a sister witch. In fact, Div and her coven mate Mira are pretend-dating a couple of New Order members to infiltrate it and bring it down for good. But when the president of the United States aligns himself with the dangerous group and local police ramp up their search for suspected witches, the covens must be more careful than ever. Even outside of politics, complications abound as Iris and the new witch, Torrence, fight for Greta's affections...and Ridley can't get over her crush on a dead girl...and Binx's own crush turns out to be harboring deadly secrets. If the covens wish to solve their friend's murder and protect their kind, they'll have to rise above their problems, big and small. But as they grow closer to the truth, one thing becomes certain—trust no witch.

The Awakening of Intelligence J. KRISHNAMURTI 2023-04-15 When thought sees that it is incapable of discovering something new, that very perception is the seed of intelligence, isn't it? That is intelligence: 'I cannot do.' I thought I could do a lot of things, and I can in a certain direction, but in a totally new direction I cannot do anything. The discovery of that is intelligence. This comprehensive record of J. Krishnamurti's teachings is an excellent, wide-ranging introduction to the insights of the great philosopher and religious teacher. Apart from existential issues such as violence, insecurity, conflict, pleasure, fear, and suffering, Krishnamurti examines larger but related questions, such as the role of the guru (with Professor Jacob Needleman); the traditional methods prescribed by Vedanta (with Swami Venkatesananda); the problem of good and evil (with Alain Naude); and the relationship between thought and intelligence (with Dr. David Bohm). First published in 1973, this book contains, apart from Krishnamurti's public talks and answers to questions from the audience, his incisive dialogues with some of the eminent minds of his time.
