 "Highly irreverent, but filled with wisdom and infused with deep caring, Mixed Nuts is a memoir of a life working in psychotherapy."  
 "Some people assume that all therapists are new-agey hand-holders who just listen and nod like bobbleheads, then suggest an astrology reading, a gluten-free diet, and your choice of complimentary love flower or polished healing stone on your way out the door. That's not me. My job is to help fix what's broken." Speaking to the layperson and the practitioner alike, even Rick's signature humor can't hide his deep understanding of mental illness, his desire to help heal it quickly and effectively, and his pragmatic and often creative approach to treatment."

 Olivia McAfee knows what it feels like to start over. Her picture-perfect life—living in Boston, married to a brilliant cardiothoracic surgeon, raising their beautiful son, Asher—was upended when her husband revealed a darker side. She never imagined that she would end up back in her sleepy New Hampshire hometown, living in the house she grew up in and taking over her father's beekeeping business. Lily Campanello is familiar with do-overs, too. When she and her mom relocate to Adams, New Hampshire, for her final year of high school, they both hope it will be a fresh start. And for just a short while, these

new beginnings are exactly what Olivia and Lily need. Their paths cross when Asher falls for the new girl in school, and Lily can't help but fall for him, too. With Ash, she feels happy for the first time. Yet she wonders if she can trust him completely. . . . Then one day, Olivia receives a phone call: Lily is dead, and Asher is being questioned by the police. Olivia is adamant that her son is innocent. But she would be lying if she didn't acknowledge the flashes of his father's temper in Ash, and as the case against him unfolds, she realizes he's hidden more than he's shared with her. *Mad Honey* is a riveting novel of suspense, an unforgettable love story, and a moving and powerful exploration of the secrets we keep and the risks we take in order to become ourselves.

*The Verbally Abusive Relationship* - Patricia Evans 2010-01-18

**Daring to Love** - Tamsen Firestone 2018-05-01

When it comes to finding love, are you standing in your own way? *Daring to Love* will help you identify the internal barriers that cause you to sabotage your love life, open yourself up to vulnerability, and build the intimate, lasting relationship you truly desire. After a breakup, most of us spend a lot of time thinking long and hard about what the other person did to cause it, rather than reflecting on ourselves. It seems

self-evident that we want our romantic relationships to work, and that love and long-term commitment are our ultimate goals. But what if our desire for love is actually not as straightforward as our emotions make us believe? What if, instead of pursuing love, we are unconsciously pushing it away? In *Daring to Love*, Tamsen and Robert W. Firestone offer techniques based in Robert Firestone's groundbreaking voice therapy—the process of giving spoken word to unhealthy patterns—to help you understand how you are getting in your own way on the quest for true love. Love, the Firestones argue, makes us vulnerable and triggers old defenses we formed in childhood, causing us to sabotage our relationships in myriad subtle—and not-so-subtle—ways. Using the voice therapy strategies in this book, you will be able to identify your own defensive patterns and uncover the destructive messages your critical inner voice is telling you about yourself, your partners, and your relationships. If you're struggling to cultivate lasting relationships, this book can help you embark on your next romantic journey with more openness and self-knowledge. *The Girls' Guide to Friends* - Julie Taylor 2010-05-12

Do you wish you could come up with more creative ways to spend time with your friends that don't involve shopping, or watching television? Well, if you are like most girls, your friends are the most important people in the world and you can't imagine life without them—even when they are working your last nerve. In *The Girls' Guide to Friends*, relationship expert Julie Taylor gives you the inside scoop on creating real friendships that will last. Filled with the wisdom of a cool big sister who truly understands your feelings, *The Girls' Guide to Friends* offers advice on making the most of the time you spend with your friends, and how to deal with tough issues, too. With a quiz at the end of every chapter, *The Girls' Guide to Friends* will help you realize your true friend potential with insightful questions like: \* Are you a friend magnet or a push-away

pal? \* Do you resort to the silent treatment or go ballistic when a friend makes you mad? \* Are you a wild child who loves a huge bash or do you prefer sleepovers with only your closest pals? Celebrate the amazing power of friendship with *The Girls' Guide to Friends* as your guide and become the best pal you can be.

**The Guyde** - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For

many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

**Emsrp - Unfreezing the Authentic Self** - Mac Andrews 2014-06-27

Key aspects of our development become diverted or obstructed during early childhood, profoundly affecting our life outcomes long into adulthood, even before we have the ability to speak or think. Being genuine, i.e. allowing our true impulses to express, became dangerous in one way or another very early, and as a result we constructed habitual masks and inauthentic behaviours to survive and get by. These masks and behaviours rob us of our satisfaction, our ability to form and maintain nurturing relationships, we fail to get core needs met in the world, and we end up settling for what we get, feeling frustrated, isolated and confused about life, or running ourselves ragged pursuing

everything that looks like success, whilst never really feeling we have won. This translates into many levels of depression - and depression is rife in our modern world. Whilst therapies have something to offer, they tend not to deal with the fundamental causes, and thus fail to deal with the issues for good. EMSRP addresses the source of the problem by reawakening the developmental processes that simply stopped in early life. Key aspects of the evolutionary heritage of every human being, yes including you, became frozen and failed to mature - leaving the person without the power to change life for the better. Without any complex rocket science EMSRP matures these life-skills without struggle, and this allows people to grow far beyond the limits they have unconsciously accepted as their lot. It has been very developed and trialled for nearly 20 years, and now therapists and counsellors are being trained and accredited to include it in their toolkits. It is particularly effective in alleviating depression, anxiety and life-stuckness. It has been highly effective with couples, individuals and groups. It is both insightful and practical, and is completed in an average of 15 fortnightly sessions. This book, whilst not a substitute for being facilitated through the process or training as an accredited facilitator, outlines in full the processes, the psychology and the philosophy behind each and every step. Find more information at [www.emsrp.org](http://www.emsrp.org)
