How to Fail at Finding Relationships - Rafael W

Patterson 2020-12-31

Life is complicated, but you can be happy and avoid misery if you make the right decisions. This book should help with that, but if you skip and don't read the book, then at least take these tips for success:
1. It's okay to be yourself! Don't let other people change your identity. If you're nervous about walking up to a girl, think about why you're wondering about coming up to her in the first place: because you want to! If you do what YOU want to, then you're not being weird; it just means you're being yourself! And if you don't like lifting weights or doing make-up but feel pressured to do so to attract someone, you don't have to! If she or he expects you to be someone you're not, then they're not for you, and you deserve to be with someone better anyway, someone who will value you for who you are. There is only one of YOU in this world, so keep your identity and do what you like to do!
2. Do what makes sense. If it's a crowd, and everyone is talking to each other, then you're

allowed to talk to whomever you want to. Go talk to that girl! Nobody can stop you other than you yourself. On the other hand, if giving her flowers doesn't seem right, then don't give her flowers just yet. If you're unsure if you want to date her just yet, then just be a friend to her! It doesn't make sense to do things that you don't feel quite right about. Or if you're on a short budget, then you don't have to spend extra money on buying a super-fancy car to impress her or a super-fancy whatever-girls-buy to impress him. You're the boss, so do what seems right to you, and do what makes sense!3. Communicate. If the girl is not your type, then you are much better off finding a better-fitting girl for yourself than trying to pursue someone with whom your life might become miserable. If you're not sure if you want to date her or not, then just be a friend! It's okay to be friends with many girls and then later on decide if you would like to pursue one of them further. Just don't float away on a boat of feelings until you both agreed that you'd like to

date. If you think you'd like to try dating a girl, then see if she likes talking to you. After that, ask her if she wants to hang out with you sometime, and ask for her telephone number. If you feel right about doing so, ask if she can see herself dating you or not. Be open and honest when you talk to her because this is what will build her trust in you. The people who are ready to date will take you seriously, but, if somebody does make fun of you for your honesty, then they're just being a jerk, and you don't deserve to be with a jerk anyway. Communication clears up confusion!On the contrary, to fail at finding a girl, you would reverse these three items and follow them backwards of what they say to do. That is exactly what I have had my bad experience with: trying to be someone I'm not, either to make her fond of me or to hide my intentions so that people don't know that I like her; doing things that don't make sense, which shows my ignorance; and finally, being horrible at communicating with girls, so it always took

me a painful forever to figure out that a certain girl was not for me. This book summarizes 25 ways in which I followed these three principles backwards, and the chapters tell the narrative of how that went. Whether or not you read the entire book or just the book cover is up to you, but I pray that you at least learn from these three principles in order to not make the same mistakes as me. It is also up to you whether or not you purchase the book and whether or not you read the book, but, if you do purchase the book, then you'll be helping me pay off my student loans, and I do appreciate any help. Thanks!:))

The Charisma Myth - Olivia Fox Cabane

2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals.

Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. The Charisma Myth shows you how to become more influential, more persuasive, and more inspiring.

have to stay totally addicted to you. Packed with specific advice on what to do, examples of what to say, and tips on how to develop your own game, *How to Talk to Hot Women* will allow you to reach new levels of freedom and confidence to date the woman you really want — whether she is the "perfect 10" for the next hour, the night, or the rest of your life.

Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how

to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • **Getting Over What?** Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • **Almost Over It** Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • **Over It** Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just
